WHY IS THIS INTERNSHIP THE FIRST STEP TO YOUR SUCCESSFUL FUTURE?

Gain essential skills and job experience

Work with international teams

Adapt to a dynamic environment

Improve your English skills

Receive a certificate

Get a recommendation letter

Level up your resume

THE NOBEL INTERNSHIP JOURNEY

Nobel Fundamentals

You will learn critical STEM and leadership skills which are the foundation for the rest of the internship... and your future career! This program consists of taking four courses and leading others through one of these courses.

Specialized Pathways Development

You will develop specialized knowledge in a chosen field of interest (e.g. Project Management, Coaching, STEM courses, etc). You will also master your newly developed leadership skills by guiding and mentoring new interns entering the program.

FUNDAMENTALS

NOBEL COURSES

Basics of Internet Troubleshooting and Communication

- Get to know how the internet works and have online video calls with little to no connectivity issues
- Learn the basics of TCP/IP, IP addressing, WiFi, and DNS as well as the ping, and traceroute tools
- Be able to troubleshoot and fix your home WiFi problems quickly
- Discover why ISP and speed tests lie to you and force you to pay more
- Learn how to reduce your monthly ISP-related spending and have a better internet service

Introduction to Web Design

- Gain basic skills in web design and development (content, layouts, structure, page builder)
- Build portfolio-worthy projects while you learn, so you can show recruiters your skills and kick-start your career as a web developer
- Dive into the world of UI/UX design and color theory
- Improve your teamwork and communications skills for your future career and daily life

Pitch and Presentation

- Find out how to get an outstanding first impression by presenting yourself, an idea, a company, or a product
- Eliminate the fear of public speaking
- Learn how to tailor your pitch message to a specific target audience
- Give a pitch and practice pitching live
- Learn how to create an eye-catching slide deck to present along with your pitch

Leadership 1.0

- Develop effective communication and empathy listening skills
- Practice team leadership by encouraging, coaching, and developing your teammates
- Brainstorm and evaluate solutions to complex problems
- Find out why feedback is a gift
- Become a facilitator and lead your team to the success

EXAMPLES OF NOBEL SPECIALIZATIONS

Machine Learning

Project Management

Leadership

Coding

Sales

Coaching

Nobel Specializations are a series of advanced courses developed by industry experts in your chosen career fields

SPECIALIZATIONS BUILD DEEPER SKILLS IN AREAS SUCH AS

- Information Technologies
- Management
- Marketing
- Data Science
- Web Development

and many other evolving business and technical domains.

OTHER OPPORTUNITIES

Nobel Business Projects

Company-sponsored projects in areas ranging from social media marketing, community development, web development, IT, Sales, and many others. Projects address real Nobel business needs during the internship.

Clubs

Clubs are one-hour meetings, led by interns, for interns. They are focused on shared hobbies and include a variety of art, tech, and social themes.

Socials

Get to know your intern community through the informal game and conversation-filled online social events.

WHO IS OUR PERFECT INTERN ?

- A 16+ year old interested in developing their skills for the 21st-century global job market
- Someone who wants to improve their conversational English
- Someone who can commit 4h+ of scheduled activities per week
- Someone who wants to meet people from all around the world
- Someone who is eager to learn and grow and help others on their own Nobel journey

MEET OUR
INTERNS!

Natalia L.
Transactional Analysis

NOBEL EXPLORERS

Detailed description: A graphic with a light blue background. At the top, there are four rows of orange stars. Below the stars is a circular photo of a woman with blonde hair wearing sunglasses and a light-colored jacket. To the right of the photo is the text 'MEET OUR INTERNS!' in bold black letters, with 'INTERNS!' in a green box. Below that is the name 'Natalia L.' and 'Transactional Analysis' in a smaller font. At the bottom right is the 'NOBEL EXPLORERS' logo. A yellow zigzag line is at the bottom.

OUR STAR
INTERNS!

"The thing I love the most about working here is the teamwork and the idea of creating something really cool altogether!"

LAURA A. / MARKETING

NOBEL EXPLORERS

Detailed description: A graphic with an orange background and blue polka dots. On the right is a vertical photo of a woman in a white t-shirt and blue shorts walking on a boardwalk. To the left of the photo is the text 'OUR STAR INTERNS!' in bold black letters, with 'INTERNS!' in a yellow box. Below that is a quote in black text: '"The thing I love the most about working here is the teamwork and the idea of creating something really cool altogether!"'. At the bottom left is the name 'LAURA A. / MARKETING' in a yellow box. At the bottom right is the 'NOBEL EXPLORERS' logo. A white zigzag line is at the bottom.
